

CHÂTEAU D'ARGAN

2016

CRU BOURGEOIS

100% Vol.

59% Cabernet Sauvignon

39% Merlot

2% Petit Verdot

Surface: 22 hectares of Cru Bourgeois classification

Soils: clay-limestone

Planting density: 5 000 vines per hectare

Average age of the vines: 40 years

Sustainable growing respectful of the plant and the environment.

Average yield : 30 hectoliters per hectare.

The harvest is mechanical. A separated vinification of the grape varieties is realized in temperature controlled stainless steel tank. Long vatting (25 days), alcoholic fermentation with pumping over and regular racking, malolactic fermentation in vats. The aging process is realized during 18 months, including 35% in new french oak barrels for 12 months.

Deep, bright color with purple rim. The first expressive nose is marked by blackberry and peony aroma. The second nose confirms the fragrance of the fruit, supported by vanilla and pepper. Ripe and delicious fruity mouth-filling aroma with robust wood. Rich and well-balanced in mouth, thick body, soft silky tannins. Long-lasting aftertaste.

Women's Wine and Spirits Awards 2020 : Gold

Mundus Vini 2019 : Silver
